1. Background

Since 2017 the #BeInclusive EU Sport Awards recognise and celebrate the achievements of sport organisations and stakeholders promoting inclusion through sport. These Awards target in particular actions concerning groups with fewer opportunities and in social difficulty, people with disabilities, migrants and refugees, ethnic minorities, etc. These awards also include a gender equality dimension.

Sport is now widely recognised as a privileged tool to promote inclusion. Sport and physical activity clearly contributes to EU priorities as expressed in policy documents such as the EU Anti-Racism Action Plan, the LGBTIQ Equality Strategy, the Gender Equality Strategy or the Strategy for the rights of persons with disabilities.

The #BeInclusive EU Sport initiative is therefore a major occasion to highlight the significant contribution of sport to an Union of equity and values.

The **Erasmus+ programme 2021-2027** integrates diversity and inclusion as horizontal priorities. This programme supports in particular initiatives combating violence, racism, discrimination and intolerance.

The #BeInclusive EU Sport Awards aims at emphasizing exemplary initiatives from the sport field. Already now, the #BeInclusive EU Sport Awards winners showcase the achievements of grassroots organisations in fostering inclusion by combining sport, participation, skills development and/or addressing children and youth.

2. Objectives – Themes and priorities – Activities– Expected results

Objectives

The #BeInclusive EU Sport Awards 2024 (hereafter referred to as the 'Awards') aim to reward and give visibility to the best projects that have successfully supported inclusion through sport. Projects can include breaking barriers for people with fewer opportunities such as young people with migrant background, ethnic minorities, disadvantaged, marginalized or underprivileged groups, people with a disability, individuals with difficult social, economic or educational backgrounds, people with a disability, health problems or cultural differences, etc...

This #BeInclusive EU Sport Awards will also support gender equality and contribute to Peace through the integration of migrants and refugees.

Besides rewarding specific organisations, the #BeInclusive EU Sport Awards 2024 will also give visibility and support the dissemination of innovative ideas, initiatives and best practices throughout Europe.

Expected results

The awards will feature the following three categories:

- **#BeInclusive Breaking Barriers Sport Award**

To reward sport projects that promote inclusion, dialogue and tolerance, emphasizing the benefits of understanding each other and overcoming obstacles to participation. This category would reward initiatives that meet social challenges and support disadvantaged groups, such as ethnic minorities, people with disabilities or vulnerable young people,

- **#BeInclusive Promoting Gender Equality in Sport Award**

To reward projects promoting the empowerment and participation of women and girls in sport. This category would celebrate role models who make gender equality a reality by setting an inspiring example. This directly follows the Report of the High Level Group on gender Equality in Sport⁴.

- **#BeInclusive Sport for Peace Award**

To reward projects using sport as a vehicle to promote peace and European values. This category would particularly target initiatives promoting the inclusion of refugees, such as in the context of the war in Ukraine.

The winner and the finalists (ranked 2nd and 3rd) in each category will be awarded to inspire other organisations and individuals around Europe. They will all be announced and showcased at the award ceremony and will receive their prizes.

3. Available budget

The prize global budget is EUR 45 000 and each of the three categories will reward one winner with EUR 10 000 and two finalists (ranked 2nd and 3rd) with EUR 2 500 each

Please note that notifications are deemed to have been accessed (and received) 10 days after sending and that deadlines will be counted from then (*see also [Funding & Tenders Portal Terms and Conditions](#)*).

Guidance on the use of generative AI tools for the preparation of the proposal

When considering the use of generative artificial intelligence (AI) tools for the preparation of the proposal, it is imperative to exercise caution and careful consideration. The AI-generated content should be thoroughly reviewed and validated by the applicants to ensure its appropriateness and accuracy, as well as its compliance with intellectual property regulations. Applicants are fully responsible for the content of the proposal (even those parts produced by the AI tool) and must be transparent in disclosing which AI tools were used and how they were utilised. Specifically, applicants are required to:

- Verify the accuracy, validity, and appropriateness of the content and any citations generated by the AI tool and correct any errors or inconsistencies.
- Provide a list of sources used to generate content and citations, including those generated by the AI tool. Double-check citations to ensure they are accurate and properly referenced.

- Be conscious of the potential for plagiarism where the AI tool may have reproduced substantial text from other sources. Check the original sources to be sure you are not plagiarizing someone else's work.
- Acknowledge the limitations of the AI tool in the proposal preparation, including the potential for bias, errors, and gaps in knowledge.
